## **SAI Platform Anti-Trust Statement**

SAI Platform meetings and events shall not result in any discussion, activity or conduct that may infringe, on its part or on the part of its members, any applicable competition law.

By way of example, members, whether in organised SAI Platform sessions or in private while in attendance at such sessions, shall not discuss, communicate or exchange, any commercially sensitive information, including information relating to prices, marketing and advertising strategy, costs and revenues, trading terms and conditions with third parties, including purchasing strategy, terms of supply, trade programs, or distribution strategy.

If any Member has any question regarding the legality of proposed discussion or concerns on alignment with SAI Platform's Code of Conduct, the subject should stop immediately and not resume until the Facilitator has raised the issue with anti-trust counsel and obtained permission to proceed.
