

Dairy Programme Officer Job Description

Vacancy for Dairy Officer

The Sustainable Agriculture Initiative Platform (SAI Platform) is a not-for-profit organisation transforming the global food and drink industry to source and produce more sustainably. With over 160 members, from companies and organisations in the food and drink value chain, SAI Platform is at the forefront in pioneering solutions to common challenges and promoting sustainable agriculture through industry collaboration.

Dairy Officer Role

The Dairy Officer will support the Dairy Working Group lead in operationalising the implementation of the Sustainable Dairy Partnership along with general activities of the Dairy Working Group. This includes supporting projects that address sustainability challenges faced by the dairy industry. The role involves remote working with a virtual team.

The Dairy Working Group represents members responsible for about 30% of the global milk volume. Its focus has been the development and implementation of the Sustainable Dairy Partnership (SDP). A business-to-business industry solution to report Dairy Sustainability progress among dairy buyers and dairy processors. In addition to the SDP, the group is also active with special projects addressing core challenges of the dairy industry: Deforestation and GHG emissions.

The role involves remote working with a virtual team.

Responsibilities

Sustainable Dairy Partnership (SDP)

- Manage member enquiries and provide day to day support for the implementation and global roll out of the SDP via the SDP helpdesk.
- Respond to user support requests.
- Ensure the SDP Learning Centre is up to date and accurate.
- Onboard all new users of the SDP IT platforms: digital solution and learning centre.
- Support the organisation of SDP training and promotion events such as webinars and physical training and conferences.
- Support our systems provider with development of the SDP Reporting Hub, a tool used to monitor and report on sustainability targets and progress.

Dairy Working Group Operations

- Manage logistics of meetings and related events for the Dairy Working Group.
- Manage member enquiries and provide day to day support.

Dairy Programme Officer Job Description

- Assist with onboarding of new members and manage existing members of the group to encourage engagement and active participation.
- Facilitate the operations of workstreams: verification, technical.
- Provide support on specific projects: greenhouse gas emissions and deforestation.

General

- Manage membership support
- Alignment and collaboration with other activity areas of SAI Platform.
- Provide general Secretariat support as and when required.

Candidate requirements

- Bachelor's Degree in a relevant area and a minimum of 3 years work experience in a relevant area.
- Excellent organisational and interpersonal skills with good attention to detail.
- Excellent communication and presentation skills.
- Ability to multitask and work independently.
- Self-motivated and able to work remotely with a virtual team.
- Service-oriented attitude and able to work in a fast-moving environment.
- Ability to work in a multi-stakeholder environment and manage diverse interests.
- Strong IT skills and willing to upskill about new systems.
- Knowledge of assurance and verification processes in the food sector is preferable.
- Experience and understanding of livestock industry is also preferable.
- Full professional proficiency in English is essential; additional languages are an asset.
