ADVISOR NETWORK

SAI PLATFORM

The SAI Platform Advisor Network is a directory for SAI Platform members and system users to find consultants who have demonstrated in-depth knowledge and experience with sustainability topics and have been trained on the applicable SAI Platform system and its implementation.

BENEFIT TO VISITORS

The Advisor Network, housed on the SAI Platform website offers users a space to easily identify and engage agents who can support them in their sustainability ambitions in a variety of countries, languages, agricultural commodities, and services.

BENEFIT TO CONSULTANTS

Consultants registered with SAI Platform are able to demonstrate their expertise and training on SAI Platform industry solutions and are easily found by potential clients.

ADVISOR NETWORK

SPECIFICATIONS

Housed in MY SAI PLATFORM, on the SAI Platform website.

Description of the consultancy and expertise.

Searchable fields:
• Regions
• Competencies

Lists each trained advisor under the consultancy profile.

Clickable link to consultant's website and LinkedIn page.

Disclaimer on consultant quality.

REQUIREMENTS

Consultants listed in the Advisor Network must:

- Have gone through the relevant SAI Platform training.
- Can demonstrate experience with agriculture sustainability schemes.
- Have tertiary education relating to agriculture or sustainability.

FEES

Advisors do not pay to be listed on the Advisor Network, but they must go through the relevant SAI Platform Industry Solution training at their own cost.
